(the "Company") to be held on October 13, 1999, as set forth in the preceding Notice. It is expected that this Proxy Statement and the enclosed form of Proxy will be mailed to Stockholders commencing September 16, 1999.

GENERAL INFORMATION

The holders of outstanding shares of Common Stock and Preferred Stock of the Company at the close of business on August 20, 1999, are entitled to notice of and to vote at the Annual Meeting. The presence in person or by proxy of persons entitled to vote a majority of the issued and outstanding stock of each class of stock entitled to vote will constitute a quorum for the transaction of business at the meeting. As of August 20, 1999, there were 9,500,572 shares of Common Stock outstanding and 437 shares of Preferred Stock outstanding.

Generally, holders of Common and Preferred Stock each vote separately as a class with respect to each matter that the class is authorized to vote on with each share of stock in each class being entitled to one vote. In connection with the election of directors, the holders of Common Stock are entitled to vote on the election of Group A directors and the holders of Preferred Stock are entitled to vote on the election of Group B directors. The candidates for office which receive the highest number of votes will be elected. Although no other proposals are scheduled to come before the meeting, the affirmative vote of the holders of a majority of the voting power represented at the meeting (or such higher voting requirement as may be specified by law or the Company's Articles of Incorporation) is required for approval of other proposals.

Abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum at the Annual Meeting. Abstentions will be treated as shares present and entitled to vote for purposes of any matter requiring the affirmative vote of a majority or other proportion of the shares present and entitled to vote. With respect to shares relating to any proxy as to which a broker non-vote is indicated on a proposal, those shares will not be considered present and entitled to vote with respect to any such proposal. With respect to any matter brought before the Annual Meeting requiring the affirmative vote of a majority or other proportion of the outstanding shares of a class, an abstention or non-vote will have the same effect as a vote against the matter being voted upon.

Any Stockholder giving a Proxy may revoke it at any time prior to its use by executing a later dated Proxy or by filing a written revocation with the Secretary of the Company. A Proxy may also be revoked by appearing at the meeting and voting by written ballot. All shares represented by a Proxy in the enclosed form that is properly executed and received in time for the meeting and not revoked will be voted. If a choice is specified with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is specified, the Proxy will be voted FOR each of the nominees named on the Proxy with respect to the election of directors.

Non-employee directors are paid a retainer at the rate of \$2,500 quarterly, \$625 for attendance at each meeting of the Board, and \$312.50 for attendance at each meeting of a committee of the Board. Pursuant to a stockholder approved plan, each non-employee director also receives an automatic grant of an option to purchase 1,000 shares of the Company's Common Stock

4

on the first business day following each annual meeting of stockholders at a price equal to the Fair Market Value of the Common Stock on that date. Options become exercisable on the 184th day following the date of grant and expire on the sooner of (a) ten years from the date of grant, (b) three years following termination of the Director's office due to retirement following age 70, (c) one year following termination of the Director's office due to death or (d) 90 days following the date of the termination of the Director's term of office for any other reason.

During the fiscal year ended June 30, 1999, the Board met five times, the Audit Committee met three times, the Human Resources Committee met four times and the Nominating Committee met once. The attendance at Committee and Board meetings by all Directors in the aggregate was 95%. Each Director attended at least 75% of the meetings of the Board and the Committees of which the Director was a member.

The Audit Committee recommends to the Board of Directors an independent accountant to audit the books and records of the Company and its subsidiaries for the year. It also reviews, to the extent it deems appropriate, the Company's Employee Conduct Policy, litigation and pending claims, the scope, plan and findings of the independent accountants' annual audit and internal audits, recommendations of the auditor, the adequacy of internal accounting controls and audit procedures, the Company's audited financial statements, non-audit services performed by the independent auditor, and fees paid to the independent auditor for audit and non-audit services.

The Human Resources Committee recommends to the Board of Directors the compensation of all officers and employees who report directly to the Chief Executive Officer. The Committee approves a bonus system for various key employees, and reviews the scope and type of compensation plans for management personnel. The Committee also administers the Company's Executive Stock Bonus Plan, the Salaried and Senior Stock Incentive Plans and Directors' Stock Option Plan and also serves as an executive search committee.

The Nominating Committee recommends to the Board of Directors the qualifications for new Director nominees, candidates for nomination, and policies concerning compensation and length of service. The Committee considers written recommendations from stockholders concerning these subjects and suggests that they may be addressed to the Secretary of the Company. Recommendations for director nominees should provide pertinent information concerning the candidates' background and experience.

Report of the Human Resources Committee

Human Resources Committee Interlocks and Insider Participation. Executive compensation is based primarily upon recommendations made to the Board of Directors by the Company's Human Resources Committee (the "Committee"). The Committee for the year ended June 30, 1999, consisted of Daryl R. Schaller, Ph. D. (Chairman), Tom MacLeod, Jr., and Eleanor B. Schwartz, D.B.A. The present Committee consists of Daryl R. Schaller, Ph.D. (Chairman), Eleanor B. Schwartz, D.B.A., Cloud L. Cray, Jr., Robert J. Reintjes, F. D. Jabara, and Michael Braude. All of the members of the Committee are non-employee directors of the Company. The Committee recommends to the Board of Directors compensation and compensation plans for officers and employees who report directly to the Chief Executive Officer. The recommendations are acted upon by the full board which includes Messrs. Seaberg and Schrick, who are two of the five highest paid officers of the Company.

This report is provided by the Committee to assist stockholders in understanding the Committee's philosophy in establishing the compensation of the Chief Executive Officer and all other Executive Officers of the Company for the year ended June 30, 1999 ("the Year").

Compensation Philosophy. Historically, executive compensation has been designed to link rewards with business results and stockholder returns consistent with (a) the executive's level of responsibility, (b) compensation paid to the executive in the prior year, (c) the Company's performance for the Year and the prior year, (d) the executive's individual performance for the Year and the prior year, (e) salary levels for executives in comparable positions in comparable enterprises, (f) inflation and (g) a variety of other factors. The components of Executive Compensation which reflect this philosophy consist of (i) annual base salary, (ii) annual cash bonuses, (iii) annual stock bonuses, (iv) stock options and (v) equity based retirement compensation which is reflected in the Company's Employee Stock Ownership Plan. In formulating its compensation recommendations the Committee considers information and recommendations provided by management and by Hay Management Consultants, a nationally known and recognized firm of management consultants.

Base Salary. The past practice of the Committee has been to establish base salaries of all executives prior to the beginning of the Year based on the various factors described in the preceding paragraph. In 1999 the Committee increased base salaries to the levels indicated in the Summary Compensation Table to keep salary levels reasonably consistent with inflation and salary levels for executives in comparable positions in comparable enterprises. These increases were based to a large part on studies conducted by Hay Management Consultants.

Annual Cash Bonuses. Annual cash bonuses are paid primarily pursuant to a Cash Bonus Plan. Under that plan each executive, along with all other nonunion personnel, become entitled to cash bonuses, payable semiannually, of up to 25% of each employee's base salary if certain performance targets are met. In 1999 some of the targets were met and this resulted in average bonuses for all covered employees of between 7.5% and 8.3%.

at the discretion of the Chief Executive Officer to reward superior performance during the Year by any employee of the Company other than the CEO. No awards were made from the bonus pool to any of the named executive officers during 1999.

Stock Incentive Plan of 1996. In January, 1996, the Board of Directors, upon recommendation of the Committee, adopted the Stock Incentive Plan of 1996. The Plan was approved by stockholders at the Annual Meeting in 1996. The Board and the Committee took this action due to a recognized need to provide medium term incentives for the retention and motivation of Senior Executives consistent with current needs to conserve cash. Since that action the Committee has granted options to Senior Executives on an annual basis. In fiscal 1999, options were granted to eight executives to purchase an aggregate of 97,500 shares of the Company's Common Stock at a price of \$12.50 per share. Additional information about options granted in 1999 and the aggregate of options granted since the adoption of the plan is reflected in the tables on page 7.

Employee Stock Ownership Plan. The final component of executive compensation consists of participation in the Company's employee stock ownership plans for salaried and certain hourly employees ("Salaried ESOP"). Amounts contributed by the Company are invested in shares of the Company's Common Stock. Shares purchased are allocated to participant accounts in proportion to the participant's eligible compensation (as defined). Generally, accounts are distributed to participants who have completed at least ten years of service upon death, permanent disability or retirement. The amount of the Company's contribution to the Salaried ESOP is determined by the Board each year based upon the recommendation of the Committee. The Committee bases its recommendation primarily upon Company performance for the Year. In fiscal 1999, the Company contributed an amount equal to 9% of eligible compensation for the plan.

Compensation of the Chief Executive Officer for 1999. All of the components of the 1999 compensation of the Chief Executive Officer were determined in accordance with the criteria described above for other Senior Executives.

This report is being made over the names of Daryl R. Schaller, Ph.D. and Eleanor B. Schwartz, D.B.A., who are the continuing members of the Committee which passed on Executive Compensation for the Year.
