Item 1.01. Entry into a Material Agreement

As previously disclosed, the Company has previously borrowed \$9,794,500 from GE Capital Public Finance, Inc ("GE Capital"). The Company's obligations are evidenced by a promissory note, bear interest at 5.26% per annum and are payable in 83 consecutive monthly payments of \$139,777 and an 84th payment equal to the unpaid principal and interest, commencing November 1, 2004. The note may be prepaid at any time in its entirety subject to the payment of a prepayment premium equal to 3% of the original principal amount if the note is prepaid prior to the first anniversary, declining to 1% if paid prior to the third anniversary and 0% thereafter.

The note to GE Capital is secured by specified equipment located or to be located at the Company's KCIT facility in Kansas City, Kansas. The Company had agreed to secure its obligations under its note on or before March 31, 2005 by all the equipment at the KCIT facility. In order to do this, the Company required a waiver from another of its lenders, The Principal Mutual Life Insurance Company, which it has not been able to obtain.

On March 31, 2005, GE Capital and the Company entered into an addendum to their agreement under which the Company had until September 1, 2005 to secure its note by all the equipment at the KCIT facility. On August 31, 2005, GE Capital and the Company entered into another addendum under which the Company now has until September 30, 2005 to secure its note by all of such equipment. The Company and GE Capital are negotiating a commitment letter for a loan agreement under which GE Capital would lend the Company up to \$7 million for a term of 60 months. The Company expects to enter into and close a definitive agreement with GE Capital by September 30 and to apply the proceeds of the borrowing towards its obligation to The Principal Mutual Life Insurance Company.

General Electric Capital Corporation, as assignee of GE Capital, also holds approximately \$3.2 million of industrial revenue bonds that financed the acquisition of the Company's KCIT facility referred to in Note 6 to the Company's financial statements for the year ended June 30, 2004 included in Exhibit 13 to its Annual Report on Form 10-K for such year.
