**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off—Balance Sheet Arrangement of a Registrant.**

On April 15, 2009, we borrowed \$2.8 million from Exchange National Bank & Trust Co. The loan is evidenced by a promissory note and bears interest, payable monthly on the third day of each month commencing on May 3, 2009, at the rate of 7% per annum. Principal on the note is due on September 3, 2009. The loan is secured by a third mortgage and security interest on our Pekin plant and equipment, a leasehold mortgage on our new executive office building and technical center in Atchison and a pledge of the related industrial revenue bond issued by the City of Atchison that we hold. The lenders under our Credit Agreement and Exchange National Bank & Trust have entered an intercreditor agreement whereby the lenders under the Credit Agreement generally have agreed to subordinate their lien in the bond collateral to the lien of Exchange National Bank & Trust. In addition to payment defaults, events of default under the promissory note include mergers or sales of a substantial part of our property or if the bank determines in good faith that a material adverse change has occurred in our financial condition or that the prospect for our performance of our loan obligations is impaired.

Ladd Seaberg, our Chairman of the Board, is a director on Exchange National Bank & Trust's board.
